## NIFTY WRAP

### CHART

### NIFTY Outlook

Nifty settles at fresh closing of 11467. Sustained buying in banking names ensured that the market ended at record closing high. The immediate support and resistance level of Nifty50 are 11430 -11370 and 11540-11620 respectively .

## **Analysts expect a bumpy ride for auto stocks**

Auto-makers have recorded a healthy sales numbers in the first half of calendar year 2018 (CY18) with all the three segments – passenger vehicles (PVs), two-wheelers and commercial vehicles (CVs) witnessing double-digit growth, as compared to the same period last year.

While sales volume in the PV segment grew 13 per cent year-on-year (y-o-y) in H1CY18, growth in the CV and two-wheeler segment stood at 39 per cent and 20 per cent respectively, data shows.

This pick-up in demand was, however, was not reflected at the bourses with the Nifty Auto index slipping 9.5% during this period, as compared to 8% rise in the Nifty50 index, ACE Equity data shows.
